**AUDIO TRANSCRIPTION SERVICES**

### Quality

At eScribers we pride ourselves on the quality of our transcripts. Our staff of transcribers is trained and experienced and our editors ensure that transcripts are in perfect shape before they get sent to you. Furthermore, we are all US citizens, so accurately capturing a colloquialism is never going to be an issue for us.

### Amiability of Service

Our trained professionals provide outstanding client service at all times and at all hours. We are happy when you, our valued clients, are happy. We can provide your transcripts in many popular formats (Microsoft Word, ascii, pdf).

### Relationship Building

The quality of our work, the timeliness of our delivery, the flexibility of our technology and most of all - the friendly and professional way we deal with every assignment - will make you happy that you decided to call eScribers for your transcription needs.

eScribers currently transcribes approximately 15,000 pages per month and we **do not miss deadlines**. We are committed to ensuring that your audio gets transcribed in the time frame that you need it.

### Speed of Service

Our rates are highly competitive, ensuring that your transcription needs will be met at an attractive price.

### Cost

**At eScribers your satisfaction is our top priority. We honor time frame requests and format requests so that you get the transcript you need, right when you need it.**
